- Varsity Captain (2007-2008)

Coaching Certifications

- USA Volleyball IMPACT Certified

I began playing volleyball as an 8th grader at Whitewater Middle School. It was the first year volleyball was offered at that age, and a few of my friends and I thought it would be fun to give it a try. Over the next 10 years I gladly allowed volleyball to consume any and all of my free time. One of my high school teammates and closest friends at the time spent many weekends traveling around the country playing doubles on the AVP Junior Beach Volleyball Tour. We qualified for a spot in the Junior Olympics; however, due to prior commitments were unable to make that trip. During the summertime, I also enjoyed being an assistant instructor at the Kedron Volleyball Youth Camp.

Once I began playing volleyball at the collegiate level, it was extremely important to me that I find a balance between volleyball and my degree. I graduated from Armstrong Atlantic State University (Savannah, Ga) in 2012 with a Bachelor's Degree in Radiologic Sciences. Immediately after college I moved to Charleston to pursue my dream career as a Perinatal Sonographer at the Medical University of SC. After meeting my now-husband (Josh), tying the knot in Savannah, and living the Charleston dream for 5 years, we decided to move back to our home state of Georgia. I am now continuing my career as a high-risk OB Sonographer with Georgia Perinatal Consultants out of Fayette & Atlanta Piedmont.
